CLASSES

In 2021, there will be 25 classes. It is very important that we have formed classes based on the correct numbers. Students were placed in their 2021 classes with major thought, precise decision-making processes and with consideration to many issues.

The staffing of schools is a very complicated matter. Staff are allocated to schools based on the total number of students in the school, not on how many students per grade. We are then required to divide the students into classes as best as possible. The difficulty is that the number of students in each grade may not fit exactly into the recommended numbers for each class, hence the need to form composite classes and is the reason why some classes have more students in them than others.

SCHOOL VOLUNTARY CONTRIBUTION FEES

School contributions are voluntary. They help provide additional educational resources for the benefit of students. This is a one off payment, which will help your child with achieving educational outcomes.

Please also remember that no student or family will suffer any discrimination or embarrassment over failure to make a voluntary contribution. Confidentiality, privacy and dignity is always maintained at Clemton Park concerning contributions.

The school has decided to make the contribution a flat rate per child of \$40. This will assist with the collection of money. If you have a family with more than 3 children please come and see me about assisting with this payment. The information is located on the 2021 school payment note and includes all other whole school expenses. Payments can be made on line.

HEALTH PLANS

The school continues to develop Individual Health Plans for students with special needs. I am currently updating these plans. Plans must be updated yearly, do not hesitate to contact me for an appointment. All staff are aware of these plans. These special needs may include students who are diabetics or who have anaphylaxis. If you have a child who requires a special Individual Health Plan, make an appointment as soon as possible. If your child requires an updated plan, the school will contact you.
